Sir:

In response to an Official Action dated February 26, 2004, Applicants respectfully submit the following remarks.

This application contains claims 1-36, all of which were rejected under 35 U.S.C. § 102(e) over Bodin et al. (U.S. Patent Application Publication No. US 2003/0014530 A1). Applicants respectfully traverse this rejection. Applicants submit herewith a Declaration under 37 C.F.R. § 1.131, proving that the present invention was reduced to practice prior to the filing date of Bodin (June 14, 2001). Consequently, it is believed that Bodin may not be considered prior art against the present patent application.
